PERSONAL PROJECTS

Word Counter App - TextUtils

- Introducing TextUtils, your go-to text manipulation utility that revolutionizes the way you work with text. With an array of powerful features at your disposal, TextUtils allows you to effortlessly transform the text within the textbox. Convert it to uppercase for a bold statement, lowercase for a subtle touch, or capitalize sentences for a professional finish. Need to remove those pesky spaces? TextUtils has got you covered. Copying and clearing text is a breeze too, simplifying your workflow like never before. Say hello to efficiency and productivity with TextUtils - the ultimate text manipulation companion.

Quick News

- Stay informed and up-to-date with Quick News, the ultimate news app that brings the latest headlines straight to your fingertips. Powered by an intelligent API integration, Quick News seamlessly retrieves and delivers daily news tailored to your area of interest. Whether you're seeking global updates or local stories, our user-friendly interface ensures quick and effortless access to the most relevant news. Say goodbye to information overload and hello to concise, curated news delivered in real-time. Download Quick News today and embark on a journey of effortless news consumption.

CERTIFICATES

Certificate in Professional and Life Skills

I earned my certification from Amity University, where I honed crucial skills like effective teamwork, communication, and professional email writing. This experience enhanced my overall professional abilities.
